

SCHOOL
DEVELOPMENT
PLAN

To continue to support the wellbeing of pupils, including supporting families at home

To ensure children use neat, cursive handwriting style

To ensure marking and feedback have a good impact on future teaching and learning

To further improve Maths in Key Stage 1

To improve the quality of questioning used by all

To raise the profile of Reading

To improve opportunities for our most vulnerable learners

Support parents through workshops, advice and signposts to other help groups

Continue to develop pupils' core skills

Implement reasonable adjustments allowing all children to access learning

Implement a new pictorial marking approach for children who struggle to access written feedback

Develop resources to further support Writing

Implement new approaches to maths such as; 'Numicon' and 'Maths of the Day'.

Ensure marking allows children to make progress and develop learning regularly

Subject leaders and governors to routinely check the quality of teaching and learning

Parental involvement through parents' forum, PTFA and parental workshops

Improve lifestyles by promoting healthy eating choices and increased physical activity

Ensure additional funding is spent carefully to improve the opportunities of our children

Provide exciting and enriching learning opportunities through inspiration days

Support subject leaders in developing their leadership skills and monitor individual subjects
