**Other comments to consider were:**

***Can the schools website and Facebook page be updated more regularly?***

One parent was concerned that the star writer and marvellous maths is only updated fortnightly and, where we have 2 classes in a year group, they change the display each week. We can reassure you we take photos of all the work that changes so it is available for you to view. We will be extra vigilant to ensure this continues, so you can celebrate your child's success too.

The website is under review and we hope to make that a 'go to' place for information in the near future. We thank you for your patience during its development.

***Can anything more be done to resolve the parking issue?***

The parent forum and Headteacher have discussed this concern for a while. We have put out notices, arranged for parking on the White Horse Pub car park and even targeted people directly to encourage them to park and drive safely. We are happy to support any further work that would help to eradicate this and ensure all families can travel to and from school safely.

We always strive to have 100% satisfaction, so please keep sharing your thoughts about how we can improve and ideas for future parent events to help cement the fantastic partnership we already have. You can e-mail suggestions to the school office or let your Parent Forum representative know.

**Thank you for all your feedback.**
